**B.3**

**Progress Report.** Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan.

Provide a description of the PHA's progress in meeting its Mission and Goals described in its 5-Year PHA Plan

**1. Expand affordable housing opportunities and preserve existing assets to ensure long-term sustainability.**

HACA continues to revitalize our assets, seek additional rental assistance vouchers, and advance innovative affordable housing solutions. HACA has broken ground on the redevelopment for Pathways at Rosewood Courts to provide new construction of units as well as a culture center, a community green space, and 12 townhouse-style homes that will be available for sale to low-income, first-time homebuyers. Our next redevelopment project, currently in planning, is Pathways at Santa Rita in 2025. Through our subsidiary, Austin Affordable Housing Corporation (AAHC), additional properties that are either developed and/or acquired accept voucher holders, providing greater choice within our service area. In the past year, AAHC added more than 4,500 units to its portfolio, with over 2,900 additional units currently under construction. Our subsidiary, Austin Pathways, offers homeownership opportunities through our Down Payment Assistance Program being redeveloped to respond to current market conditions.

**2. Optimize the reach and impact of opportunities for residents and clients to improve their quality of life, achieve self-sufficiency, and reach their full potential.**

HACA promotes individual responsibility and high expectations, and fosters results-based community partnerships and programs focused on our 5 pillars of health and wellness, homeownership, digital inclusion, workforce development, and youth educational success. Scholarships are provided to eligible students to assist with the cost of higher education and to improve self-sufficiency. Among many resident-oriented programs, this past year saw the Bringing Health Home program train HACA residents as certified Community Health Workers (CHWs) to improve health outcomes at one of our newly renovated Pathways at Chalmers Courts East. CHWs provide services including health assessments, nutrition education, and facilitating medical visits. This model is effective because the CHWs often share the linguistic and socioeconomic experiences of those they serve. This initiative was honored with an Award of Merit by the National Association of Housing and Redevelopment Officials and was nominated for the prestigious Award of Excellence.

**3. Attract, support, develop and retain a talented and diverse workforce that prioritizes HACA's values.**

HACA invests in our staff, ensures accountability and effective communication, and promotes an innovative, healthy and safe work environment with training and leadership development strategies. This is accomplished through a generous benefit package, wellness programs, tuition reimbursement programs, employee referral program to aid in recruitment, family scholarships, and a hybrid/telecommuting policy. We also periodically conduct salary studies to ensure we are competitive in the local employment market.

**4. Support organizational efficiency that prioritizes agency resilience, climate sustainability, and the safety of residents and staff.**

HACA undertakes initiatives to assess program and process changes necessary with focus on ongoing development of energy conservation efforts, a secure technology infrastructure, improving business continuity to be adaptable to the ever-changing situations that can interrupt operations, as well as evaluation and promotion of safety measures to further protect residents and staff. Recent actions taken to assist with these efforts include placement of generators at properties with medically fragile residents that will provide energy if critical city infrastructure fails. HACA has also hardened our infrastructure to enhance business continuity during inclement weather and power grid outages.

**5. Foster exceptional customer service and enhance communications with stakeholders to nurture strong partnerships and to increase community awareness.**

HACA pursues opportunities to implement best practices that enhance communications with customers and stakeholders and promotes awareness of our services within the community.

**6. Create and implement a plan to advance inclusion, diversity and racial, economic, and social equity throughout the organization, our programs, and partnerships.**

Based on work with our Diversity, Equity and Inclusion (DEI) consultant, HACA continues to review, assess and communicate values and commitments, incorporate those values into the employee experience, and incorporate a broader DEI lens into agency operations to further this important initiative. A DEI Advisory Group considers issues, identifies new approaches, promotes awareness and other actions such as working with our DEI consultant to meet our goals.

Those properties will not only provide updated facilities and amenities; HACA is increasing the number of units to allow for more affordable units to help keep more of the impacted populations in place. HACA created a Resident Protection Team that ensures residents faced with relocation are supported and protected, and to minimize disruption and harm during the relocation period.</p> </div> <div data-bbox="219 1218 1469 1291" style="border: 1px solid black; padding: 5px;"> <p><b>Fair Housing Goal:</b> Encourage developers and landlords who benefit from public funding and development incentives to adopt reasonable policies on tenant criminal history and not discriminate based on source of income.</p> </div> <div data-bbox="219 1312 1469 1764" style="border: 1px solid black; padding: 5px;"> <p><b><u>Describe fair housing strategies and actions to achieve the goal</u></b></p> <p>HACA will continue to educate prospective landlords in the Housing Choice Voucher programs regarding the benefit of participating in providing housing to our voucher holders. The Housing Choice Voucher program employs a dedicated Landlord Outreach Specialist to enroll landlords of properties in census tracts with limited affordable housing, as providers of affordable housing through the Housing Choice Voucher program. HACA utilizes the U.S. Census and yearly American Community Survey (ACS) updates to determine and review in which areas of Austin there is little affordable housing, and low minority and socioeconomic status distribution. HACA’s Landlord Outreach Specialist then seeks landlords in these areas to participate in the Housing Choice Voucher program in an effort to de-concentrate poverty, diversify areas of the city, and ensure that affordable housing is available across the community and is accessible to areas of high job concentration and high performing schools. Additionally, HACA’s Family Self-Sufficiency Coordinators maintain extensive information on local social service providers, childcare providers, and transportation routes that FSS participants are likely to utilize, so that FSS participants can make informed housing choices.</p> <p>Additionally, our subsidiary, AAHC’s properties accept voucher holders at all their developed and/or acquired properties. This provides greater choice for voucher holders who may otherwise not qualify based on the 3x rent income requirements.</p> </div>
